## Dental Insurance Plan

**Offset the cost of dental services for your clients with Assurant Health's Dental Insurance Plan.** Clients can choose between the **Basic and Plus Plans**. Both give them immediate cash benefits for services ranging from wellness — like exams, x-rays, and cleanings, to the more complex — like crowns, complete dentures, and even Temporomandibular Joint (TMJ) services.

### With valuable dental coverage, your clients:

- Choose a plan — Basic or Plus
- Visit any dentist — there are no network restrictions
- Receive quick cash benefits — sent directly to them, or to their provider if they prefer
- Can keep the coverage even if they choose to discontinue their health insurance
